Selection Process and Notification Information

A panel of jurors will make the final selections for the exhibition. Works will be selected on the basis of quality, originality and the artist's use of the theme. An artist's statement can be included with the application to allow jurors to more fully understand the work of art and its place within the theme. Artist statements are not required but appreciated. Teachers or guardians of selected students will be notified via e-mail by the end of the work day on Wednesday, November 13, 2019.

What is an artist statement?

An artist statement is a paragraph written by the artist that describes his or her artwork. It might include details about the inspiration for the artwork or the reason that it fits within the given exhibition theme. It may include why the artist enjoys art or their goals as an artist. The artist's statement is not required, but will allow jurors a better understanding of the artist's intent. Please keep statements under 100 words.
